Training Opportunity: New FEMA Elevation & Floodproofing Certificates

ASFPM is hosting two FEMA webinars that will review the [new Elevation Certificate and the new Floodproofing Certificate](#). These updated forms [were released](#) for immediate use on July 7, 2023.

Note: Space is limited to 1,000 attendees per webinar, so please register early. These webinars will not be recorded.

August 9 (2-4 pm Eastern): Updates to the Elevation Certificate Form [Register Here](#)

FEMA will walk members through the newly released Elevation Certificate. Instruction will include reviewing the newly added sections (H and I), the expanded form sections and more detailed instruction pages. This webinar is approved for 2 CECs for CFMs.

August 10 (11-12:30 pm Eastern): Updates to the Dry Floodproofing Certificate Form [Register Here](#)

FEMA will walk members through the newly released Floodproofing Certificate. Instruction will include reviewing the revised format (which requires separate certification of building design, elevation, and construction) and the separate sections to certify or confirm the design, as-built elevation, and performance standards. This webinar is approved for 1.5 CECs for CFMs.
