

# G-318 Local Mitigation Planning Workshop

**Date: June 21 – 22, 2017**

**Time: 8:30 am to 4:30 pm both days**

**Location: The Dalles, OR**

This course is ASFPM pre-approved for 12 CECs for CFMs.

## Course Description:

This in-person, 2-day workshop covers the fundamentals of mitigation planning for communities that must develop or update local, tribal, or special districts Natural Hazards Mitigation Plans that meet requirements established in 44 CFR 201.6 and 201.7, and address community priorities and needs.

This workshop describes the planning process, the requirements for stakeholder involvement, assessing risks, and developing effective mitigation strategies. It includes the basic elements of the plan review, approval, and update cycle, as well as tips for implementing and maintaining an approved plan, tracking performance, keeping stakeholders involved, and preventing plans from lapsing or expiring.

## Course Objectives:

- Define hazard mitigation and identify the benefits of mitigation planning.
- Develop or update a local, tribal, or special districts mitigation plan.
- Identify resources and guidance available for mitigation planning and plan implementation.

## Target Audience:

Local and tribal government officials, land use planners, emergency managers, floodplain managers, and others who are involved in the development or update of a local, tribal, or special districts Natural Hazards Mitigation Plan. People generally involved in mitigation planning also may find this training beneficial.

## Funding:

Tuition is free for those accepted.
